

The Concrete Company

News.

Volume. 6
February 2012

Hello and welcome to the latest edition of The Concrete Company newsletter. I hope that you will find it informative and that you might pick up some ideas that will be helpful in your business too. If you've got any topics that you would like us to cover, please let us know and we'll try to oblige!

Tim.

The Concrete Company Invests in Bespoke Trailers.

Our haulage business which trades as Tim Dighton Transport, has invested in special trailers for the haulage of precast concrete wide planks or tee beams, which are used in upper floor building construction. The bespoke trailers have been shortened to 11 metres in length, so that they can still carry a 30 tonne payload, yet can still enter sites with tight access. Due to the aggressive nature of the load they are carrying, they have reinforced floors.

The tractor units and trailers are available for general hire too, (with driver) by contacting Charlie at our Thorney Office, telephone 01733 270870.

Roy Humphrey's Warehouse In Eye, Suffolk

The company recently won an order to supply Roy Humphrey (car and commercials) of Eye in Suffolk with approx. 3000m³ of Heavy Duty concrete. 'Fibrin Durus Fibres' were added to the concrete for reinforcement. Approx. half of the concrete being used for

external paving and the other half for a power float finish in their new building. The concrete was supplied primarily from our batching plant in Thetford at a rate of 30m³ per hour, thus meeting the customers target of 180m³ per day by 2pm.

In this issue

- **Tim's Top Tips**
- **Investment in Bespoke Trailers**
- **Alternative to sheet steel reinforcing**

Tim's Top Tips

If you are fed up with handling sheets of steel reinforcing mesh on site, let us introduce you to our Durus fibre concrete. This reinforcing mesh is mixed in with your load and thus goes everywhere your concrete does. It can be power floated too. (see article below, left)

Plants at:

Thorney, Peterborough
Corby
Fakenham
Kings Lynn
Littleport, Ely
Thetford
Sandy
Beccles, Lowestoft
North Walsham
Great Yarmouth
Norwich
